ARLENE CRITZOS

Recognized for her timeless style that boasts a diverse skill set encompassing a worldly vision, Arlene Critzos is the founder and President of Interior Concepts, Inc. and has enjoyed an award-winning career in national and international interior design.

Arlene has traveled and lived around the world, exposing her to many elements of design and architecture. After studying in the United States at Mount Vernon College and Georgetown University, she returned overseas for a comprehensive foreign study league in decorative arts in London, Holland, Rome and Paris. It is her international influence that Arlene credits her comfortable appeal for international interiors and a style she calls “global”.

Interior Concepts is celebrating their 40th year in business. Arlene has grown her business into a full service, a multi-tiered, award-winning design firm with 50 employees, a 50,000 square foot warehouse along with its own delivery service. Arlene has broadened the design

capabilities to allow her team to work in multiple creative paths. Her highly talented senior design staff is known for their impeccable taste and professional manner. Their work includes a wide spectrum of designs from well-appointed family homes, beach retreats, mountain retreats, large flats and estates in the most prestigious addresses. They have worked in the U.S., the Bahamas, England, Spain, the Middle East, Malaysia, and China.

It's her passion for design and architecture that sets her apart. Arlene loves creating what she believes is the most valuable facet in a person life: their environment.
