BLENDED STYLE

Clockwise from opposite: Mixing contemporary and traditional pieces in a well-appointed home office creates a curated look. A spacious, light-filled living room embraces a contemporary aesthetic with clean lines and pops of color. A handcrafted chandelier makes a statement above an artisanal acrylic-and-exotic-wood table.

MEET ARLENE + SAMANTHA

Interior Concepts' principal Arlene Critzos and her colleague, Samantha Sopp-Wittwer, design stunning spaces in every style.

I LIVE IN...

ARLENE: A complex balance of European traditional and clean transitional styles.

I OBSESS OVER...

SAMANTHA: All things beautiful and how they are designed. No time period is excluded. Each yields endless inspiration.

WHAT FAMOUS PERSON'S HOME WOULD YOU LOVE TO DESIGN?

SAMANTHA: Marie Antoinette's. I am completely enamored with the grandeur of the past, from the clothes they wore to the homes and gardens they built. They are nothing short of wondrous.

NAME A FAVORITE DESIGN TREND.

SAMANTHA: Wallpaper and its ability to add impact, drama and depth to any given space.

WHAT IS YOUR FAVORITE COLOR COMBINATION AND WHY?

ARLENE: All natural colors with punctuations of bolder colors.

WHAT'S YOUR FAVORITE GO-TO DISH TO COOK?

ARLENE: As an Italian, of course, pasta prepared 100 different ways.
